

Dear Hiring Manager,

As an Android Developer with 4 years of experience in designing cutting-edge applications, I apply with enthusiasm for this opportunity.

Here are some key points about me:

- Passionate about android development
- Experienced with Android Studio, Kotlin, Java, Jetpack, Compose, ViewModel, Coroutines, Retrofit and more.
- Always updated with industry trends and emerging tech
- Produce high-quality, clean and performant code
- Can work independently and collaboratively with team members
- Will value company success over individual success
- Will enjoy contributing across the whole development process
- Will bring ideas and offer solutions to the problems for the team
- Enjoy challenges

Whenever I plan to develop an app, my main goal will be to build something valuable which can solve the problem of end users and contribute to their lives.

For more, you can check out my resume.

I am confident that I would be a great fit for this role and my skills and abilities would be of excellent use to the company. I would be grateful if you could consider me for this position, and I look forward to hearing from you soon.

Sincerely,  
Rahmatullah
